**We take the stress out of moving by assisting you to declutter, pack, relocate and unpack.**

Imagine walking into your new home at the end of moving day and seeing all your furniture placed as you had planned, your beds made, and your possessions and clothes already unpacked and waiting for you to use.

Making that move to your new home or retirement village can be easy and without stress. The team at Moving Assist and Elderly Assist can manage the entire move or just parts of it without 'taking over'. We combine superb organisational skills with values of empathy, honesty and caring. We listen.

We can assist you to prepare your home for sale including general house and garden maintenance by trained professionals.

We will move the possessions you want moved, sell or gift those you don't and clean your current home after we have emptied it.

It's never too early to start. Call us to start the journey to your new home.
